Marble Score 2+

Direct from the lush, green pastures of Gippsland in Victoria comes the beef for our Southern Ranges SR2 brand. This region is internationally renowned for consistently producing high quality cattle, predominately Angus and Hereford breeds.

We partner with select farmers who share our pride in being able to present Australia's finest beef to the world. Year-round we purchase naturally grass fed cattle which have no added antibiotics, to deliver a consistently excellent product.

With no added hormones, AMG beef is all-natural, 100% traceable and processed to meet our high standards at our state-of-the-art facility in Dandenong on the doorstep of the Gippsland region.

Our strict hand-selected grading system ensures the Southern Ranges SR2 brand boasts natural marbling as well as rich colour, flavour and tenderness for superior eating quality. From pasture to plate, you can depend on AMG for the traditional goodness of Australia's best grass-fed beef.
